LB612, 610

got an amendment for that bill, I've got one too, and I'm just as interested in 610 as he is. But I would withdraw my motion in order to expedite those people getting relief in Omaha.

PRESIDENT: Chair recognizes Senator Dickinson.

SENATOR DICKINSON: To take the pressure off of things here, I think that these people should have a chance to respond to issues. I will ask unanimous consent to withdraw my motion to adjourn since it wasn't recognized anyway.

PRESIDENT: Thank you. For what purpose do you rise Senator Keyes?

SENATOR KEYES: Senator Burbach I have a question of you. Senator Burbach, we are in such a hurry to adjourn, but am I understanding it right that if we pass this bill tonight we can adjourn on the 89th day instead of the 90th? Isn't that a fact?

SENATOR BURBACH: There are possibilities that possibly could happen, but I am fearful to go to the last moment. I would like to adjourn on Friday and still have the sixth day for the over ride and in visiting with the members of this body, this is their contention also. This is why I have made this as a statement or a declaration that we need to process these bills before we adjourn.

SENATOR KEYES: Alright, all I wanted them to know is that we don't have to pass this bill tonight, we can wait until tomorrow night and still get out on the 90th day.

SENATOR BURBACH: The question is shall 612 be advanced to E & R initial.

CLERK: I should read the title Mr. President.

SENATOR BURBACH: Excuse me, read the title.

CLERK: Read

PRESIDENT: Question, indicate your vote. Have you all voted? Clerk will record.

PRESIDENT: Bill has been advanced. Chair recognizes Senator Duis. You withdrew your motion on 610 temporarily ... whatever it was. I don't know what it was.
